

## FSLI Encore Pre-Conference Leadership Seminar

November 12, 2021

Virtual (1-4 pm Eastern)

### **The COVID-Informed Institution: Sharing Lessons Learned and Innovative Practices for the Future**

We are looking forward to seeing you all at the 2021 FSLI Encore Pre-Conference Leadership Seminar. Our virtual session is focused on sharing lessons learned during COVID-19 and exploring the implications for teaching, research, and Extension.

We are honored to be opening the session with a keynote by James Shirey, Vice President, Global Sterile Injectables Quality, Pfizer. Mr. Shirey will be sharing how Pfizer developed and delivered a bold plan to create the first COVID-19 vaccine as the world was facing a pandemic of epic proportions. This keynote will kick off our World Café discussions regarding lessons learned, innovations, and continuing leadership challenges. We will close the Encore session with group discussion and calls to innovative action (see full schedule below).

In order to gain the optimal use of our time together, please take time in advance to view the 45 minute documentary from Pfizer [Mission Possible: The Race for a Vaccine - YouTube](#).

Thank you for making time in your busy schedule to attend and engage with your FSLI colleagues to reflect on an incredible year of challenges and innovations.
